Online Lunch System.....

SLA understands that an online lunch system brings ease and convenience to parents and staff.

We will be introducing our Online Lunch Payment System to your school. Parents will be able to fund their student's lunch account by going to our payment website: www.slalunch.com

Deposits to students' accounts can be made using credit and debit cards, or personal checks (ACH). Parents will be able track their student's lunch activity by logging into their accounts and viewing their student's transactions.

Courtesy balance emails will be sent weekly to all accounts with a balance of \$25 or less. Parents may monitor their student's account balance 24 hours a day, 7 days a week, by logging into their account. Auto-pay functionality is available as well as auto balance notifications.

Parents will be notified once access and instructions are available. SLA Management will also be available at your school's orientation to offer any further assistance needed.
