Features

ST.E.A.M “Investigation”: This summer’s activities will again incorporate science, technology, engineering, art, and mathematics. Projects will challenge campers to think creatively and critically while working both individually and as teams.

Super Sleuth Scavenger Hunt: Compete as teams to find clues, solve puzzles, overcome challenges to complete your mission and find the prize. These fun filled activities will promote team building and develop problem solving skills.

Egg Drop: The egg drop is a classic science project that children will love. Can you design a system that will protect an egg from a fall using as little packaging as possible?

Drones and Robotics: Discover and explore the newest technologies. Gain hands on experience with age appropriate robots and/or drones. Solve and complete challenges in these fun filled sessions.

LIBRARY SESSIONS: Get a jump start on summer reading with the help of a St Mark’s teacher! There will be oral reading of non-fiction books and creative writing sessions.

SUMMER CAMP DAILY ACTIVITIES

Camp Staff

SALLY LUBECK (co-director) is a middle school science teacher. She has twenty years of teaching experience both in the USA and Australia. Mrs. Lubeck has led many camp and missions trips through the Australian outback, Honduras, and Costa Rica.

TODD ISHAM (co-director) has worked in the middle school for five years, and he is currently teaching a middle school religion class. Mr. Isham has taught K-12 students and led missions trips to Costa Rica.

WAYNE ROSENTHALL has been the Athletic Director at St. Mark's for the last two years. Prior to coming to St Mark's, Coach Rosey ran youth baseball camps in the area.

AMANDA JASPER has been the St Mark's computer lab teacher for the past 6 years. Her innovation and imagination for all things technological will be an asset to the camp.

SETH GROSSMAYER has been with St. Mark's for seven years. He currently teaches middle school geography, world history, but will reprise his role as lower school science lab teacher for summer camp.

CATHY HOFFNER is a 2nd grade teacher at St. Mark's. She has formerly been the camp director at Sailfish Marina.

REBECCA NORELLI is a middle school math teacher. She again joins the camp team this year, bringing her youthful energy and enthusiasm for STEAM.

RACHEL KING joined St Mark's as the Art teacher this year and will be joining us as the art teacher of camp as well. With her skill and imagination in the area of the arts, I am sure that Miss King will be a great addition to our Summer camp team.

MELANIE PERKINS was a 4th grade teacher with 12 years experience at St Mark's and is now the educational technology specialist. I am sure there are many new technologies that she will be keen to try on our lucky campers.
